Modern, modular screen in 4 designs and 3 sizes. Mix and match materials, finishes and configurations to create a range of custom pod options.

Description

The Atomik screen forms part of the Atomik modular seating collection that offers a mix of upholstered ottomans together with planters, tables, and screens in a range of 13 geometric shapes. The screen is available in 4 cut-out designs and 3 sizes. With flexibility and versatility in mind, multiple configurations of mixed-use pods can be created to suit small or large spaces. Together with a wide range of finishes, Atomik can be tailored to suit specific project requirements for use in shopping centres, hospitality, office break-out areas, commercial lobbies, universities, and schools.

Made In Australia

Frame	Powder-coated steel
Powder Coat	Core White (satin), Black (satin), Charcoal (satin), Palladium Silver (satin), Matt Black (matt), Pearl White (gloss) Solid Coffee (satin), Cove (satin), Monument (matt), Medium Bronze Kinetic (flat) Textured Core Ten (textured metallic), Asteroid (textured metallic), Bass (textured metallic), Textura Black (textured), Textura Monument (textured), Textura White (textured) Signature Deep Ocean (satin), Wedgewood (satin), Mangrove (satin), Territory Red (matt), Claypot (satin), Paperbark (satin) Bold Bondi Blue (gloss), Leaf (satin), Sensation (gloss), Lobster (satin), Moonlight (satin)
Finishes	Screen Panel Compact laminates, Zintra acoustic panels in 24 colours, Lightblocks boards in 19 colours with a ply, white or black core. There are 4 standard patterns available if you would like to perforate your screen - Asiatic, Shard, Setro or Perdita designs. If you prefer a graphic or print applied to your screen, we can digitally print onto Zintra acoustic panels or Lightblocks boards. The panel can be customised to match your project requirements. The specified material needs to be 12-18mm thick.
Sustainability	Certified Materials We use multipurpose compact laminates that carry internationally recognised Environmental Product Declarations (EPDs). Recycled Materials Zintra acoustic panels are made from 100% recyclable materials. We locally source our steel. It means we know it uses recycled content and is 100% recyclable. Low Pollutants Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).
Warranty	2-year warranty. View the warranty for more details.

Lead Time	6-8 weeks
Assembly & Delivery	Assembly Some simple assembly is required (by others) to connect modules - brackets fitted to the underside simply need to be turned and modules pushed together. See brochure for details. Backrests and arms are pre-fitted to the ottomans. A drawing will be supplied with the recommended connection order. Delivery Atomik is delivered to site in modules by furniture removalists.
Fixing Detail	Freestanding only - loose on glides. Modules are fixed together by ratchet connectors.
How to Specify	Select your configuration or create your own Select your surface finish Select your frame finish

Care Instructions

Multipurpose Compact Laminates | Laminex®

A damp cloth will remove spills and greasy spots. Rub with a clean dry cloth to bring back brightness. Occasionally clean with mild dishwashing detergent. To remove heavy build-up of dirt use cleaners such as Mr Muscle, Windex or Ajax Spray n Wipe spray cleaners.

Do not use strongly acidic, alkaline cleaners or bleach for normal cleaning as these might etch the surface

Zintra Acoustic Panel

Remove spills immediately using a damp clean cloth.

A fabric lint brush or soft head on a vacuum cleaner may be used to remove dust.

Carpet and fabric cleaners can be used. It is recommended to test first in an inconspicuous area.

Lightblocks Boards

Use warm water, mild detergent and a soft sponge, cloth, or chamois to clean Lightblocks.

Light refinishing - if there is only a light scratch, refinishing can be achieved by rubbing the area in a random circular motion with a fine steel scouring pad (Scotch-Brite). Test in an inconspicuous area first before attempting a main area.

Powder-Coat Finishes

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Customisable

Atomik is made locally and can be tailored to suit your interior project. Select from a range of table top finishes such as Corian®, engineered stone and digital print on a variety of substrates, as well as custom screen perforations or custom metallic powder-coats and much more.

Botton + Gardiner can assist you with configuring your layouts. 2D or 3D drawings or kits of the modules are available.

Optional GPOs can be added to the modular pods to power them up as charging or working stations.
