Lead Time	4-6 weeks
Assembly & Delivery	Shipped fully assembled on pallets.
Fixing Detail	Loose or surface fixed by others - fixing kit available for concealed surface fixing or serviceable tabs. Anchors by others.
How to Specify	Select your design Select your powder-coat colour Select your fixing type
Care Instructions	Powder-Coat Carefully remove any loose surface deposits with a wet sponge or soft bristled brush. Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water. Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues. Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.
Customisable	Made locally, custom laser cut-out designs are available to suit your project requirements that can include adding your own logo or design.
Additional Comments	Powder-coat recommendation is to use a textured or matt finish. The large flat surface areas of powder-coating can highlight imperfections or uneven surfaces when a gloss or satin finish is used. All Botanist pieces feature a strong support structure and anti-theft security feet. Outdoor use. Suitable for marine locations with suitable fixing hardware.
